Castle Carrock School is an energetic and enthusiastic school with a warm family atmosphere. We have the highest aspirations for our pupils and support each child to achieve their very best.

Our curriculum inspires the children to develop a lifelong love of learning!

Wraparound Care

We are very lucky to have on site wraparound care from 8am until 6pm. **Castle Carrock Kids Club** was rated 'Good' by Ofsted at the last inspection and is staffed by members of the school community.

They also plan a menu of activities each week and offer healthy snacks and homework support. Occasional Holiday Clubs also take place to support families who need child care.

kidsclub@castlecarrock.cumbria.sch.uk

Our curriculum is enhanced through:

- Excellent use of amazing setting! Including a dedicated school garden and cross country running.
- A varied range of afterschool clubs - from coding to gymnastics.
- School trips which broaden our horizons, whether it's the residential stays at adventure centres, local farms or Glasgow art galleries.
- Creating links with the local community, for example Arts provision through the local 'Music on the Marr' festival and links with the local Church.
- Enhanced music provision - all of our children learn to play the Ukulele in lessons and have access to specialist music teachers.
- Excellent use of digital technologies - as a Google Apps school all our pupils are taught to use technology responsibly, appropriately and creatively.

From the latest Ofsted report:

"The school is a strong and happy community, where learning and good behaviour are valued and where all pupils, whatever their abilities or needs are made to feel welcome"

"The school's motto of 'developing a love of learning' clearly supports the positive attitudes to learning seen throughout the school. Pupils enjoy lessons, take pride in their work and value their school. Many delight in challenging themselves to do better."
