

18th November 2019

Dear Parents/Carers,

Countywide survey of parents/carers of children with SEND

Cumbria County Council and the NHS are currently working to improve the quality and accessibility of services available to children and young people with special educational needs and/or disabilities.

This follows an inspection in March this year by Ofsted and the Care Quality Commission that made recommendations for how services needed to improve.

One of the things they are doing is carrying out a countywide survey of parents/carers of children with SEND and they have asked us to invite you to take part in their survey.

- It can be completed online at: <https://www.surveymonkey.co.uk/r/R3L3NNS>

The survey is anonymous and they will use the information you provide to help shape the work they are doing to improve services. The results of the survey will be published on the Cumbria SEND Local Offer website (www.cumbria.gov.uk/localoffer) in the New Year. You can find out more about the improvement programme on the same website.

You can also [sign up to receive eNewsletters](#) about the work of the programme.

Regards

Ms R Stacey
